

FOSTER'S HAND SEEN IN OUTLAW RAILROAD STRIKE

Leader of Trouble at Gary Helped Bring Conditions

U. S. HAS EYE ON RADICALS

WASHINGTON, April 14.—(By The Associated Press.)—Department of justice investigators report that evidence in their possession proves that William Z. Foster, leader of the ill-fated steel strike is the prime mover behind the "outlaw" railroad strike. The government let this be known tonight, feeling that when the strikers learn what influences are behind the movement they will align themselves with the recognized organizations. Action by the government towards prosecution of strike leaders therefore will be held in abeyance pending the expected reaction.

The evidence in the hands of Attorney General Palmer shows that Foster was present at union meetings which were adjourned to meet in other halls not as organizations but as individuals. Mr. Palmer also said that Carl Pierson and A. E. Reese, both of whom the department's investigators have placed in the category with Foster were definitely connected with planning it. Both began this work in Chicago, Mr. Palmer said.

Wilson Met Cabinet.

As this phase of the situation became known, President Wilson met his cabinet for the first time since last August. The whole story of the strike crisis was related and it was understood a decision was then reached to seek a solution through publication of the motives behind the walkout, the strikers being assured at the same time of early consideration of any wage demands they may have by the railway labor board. The senate did not confirm today the nominations of the labor board. They were considered in executive session and the president's selection brought sharp criticism in some cases it was understood.

Mr. Palmer made public evidence of plans prepared by Foster and his adherents to disrupt the four great railroad brotherhoods and to organize all rail workers into one union. Seized documents also revealed that a similar course was to have been followed in various other industries.

"We have positive proof of the plans for this expansion," Mr. Palmer said. "I know the dates fixed for nationwide strikes in other industries and our investigators have discovered that the execution of these outbursts is going on exactly as in the railroad strike."

Russian Radical Plan.

The whole program was one phase of the plans of the Russian radicals "designed to the ultimate capture of government and the overthrow of dictatorship like that in chaotic Russia," Mr. Palmer said. Federal agents had intercepted a courier from Russia March 1, he said, bearing messages to American locals of the Communist detail methods of organizing class war.

The radicals were instructed to direct their utmost efforts towards drawing the proletarian masses into the pathway of revolution.

The organizations first goal, the message said must be the wrecking of the American Federation of Labor and it ought to establish direct and close relationship with the I. W. W. and the "one big union" of Canada. As a result of these disclosures the government has broadened its investigations against agitators in all labor organizations are under surveillance. Funds used are closely watched and all clues to the source of the financial support are being followed.

Following the collapse of the steel strike, Mr. Palmer said, "Foster, Pierson, Reese and others of their associates of the revolutionary parties engaged in the endeavor to promote the present strike."

Break in Strikers Ranks.

Chicago, April 14.—The first important break in the ranks of insurgent railroad employees in the Chicago terminal district came today when railroad officers announced that groups of strikers on the Pennsylvania, the Soo Line and the Chicago, Rock Island and Pacific had decided to return to work.

Edward Corran, vice-president of the Brotherhood of Locomotive Firemen and Enginemen said engineers on a number of roads had voted to go back to work and would report for duty tomorrow or Friday. The first break was reported among the firemen on the Pennsylvania who voted to return if the road would not cancel their seniority rights. Later, Rock Island switchmen sent a delegation to confer with road officials. Seventy-five men returned today and the others planned to report tomorrow and by railroads.

U. S. SUPPLIES WILL BE AVAILABLE

Surplus Stocks of Foods To Be Used in Cities Where Strike Brings Acute Conditions.

SPRINGFIELD, Ill., April 14.—(By The Associated Press.)—The surplus foods released by the war department for sale in communities which may suffer a food shortage as a result of the railroad switchmen's strike, were designated today by Acting Governor John Oglesby. The agencies named by Governor Oglesby to serve in the respective cities are the association of commerce, commercial association or such other similar organization of business men wherever existent. In such city, town or village not having such an organization the mayor or board president is designated. The agency designated in each community is charged with the duty of determining the necessity for relief.

The relief organizations are expected to add to the original sales prices only sufficient amounts to cover the overhead cost of distribution.

Food Prices Named.

The governor has been informed that the following foods will be for sale in specified quantities:

Frozen beef, in quantities of eight quarters, at 10½ cents per pound.

Canned corn beef, in 1-pound cans, 24 to the case, at 15 cents per can. No. 2 cans, 24 ounces each, 24 cans to the case, at 23 cents per can. Two pound cans, 24 to the case, 30 cents per can. Six pound cans, 12 to the case, 85 cents per can. The minimum quantity of shipment of any of these sizes is ten cases.

Bacon, in 12 pound cases, six cans to the case, at \$2.75 per case. The minimum quantity of shipment for bacon is five cases.

The zone supply office of the army at Chicago has been given authority to accept orders.

EMPLOYERS DO NOT FAVOR LABOR PLAN

Manufacturers Association Sees Danger in Proposal to Recognize Right of Collective Bargaining in Constitution.

Springfield, Ill., April 14.—Opposition to the proposal of organized labor for the incorporation of a labor section in the new constitution of Illinois was expressed tonight by Charles Piez of Chicago, who represented the Illinois Manufacturers' association at a hearing before the constitutional convention. Representatives of Labor and the American Federation of Labor appeared before the convention last week to urge that a declaration be inserted in the new instrument recognizing collective bargaining and declaring against the issuing of injunctions in labor disputes.

Future Uncertain.

"The singling out of any group or class for special treatment, for a separate definition of rights or grant of privileges seems to me to be subversive of the entire idea of such a government of ours," Mr. Piez said. "It is impossible to tell what the future will hold in industrial and social problems nor to what extremes the parties to the controversy may resort. It may in the solution of these problems be necessary for the state to invoke the very remedies which the proposal submitted by labor seeks by constitutional provisions to inhibit, and it would certainly be unwise and it is impossible to estop future legislatures from enacting legislation that but a few months ago actually prevailed in the United States and received a large vote in the house of representatives."

ARMY BILL LESSENS NUMBER OF OFFICERS

Washington, April 14.—The number of officers authorized by the army reorganization bill was reduced in the senate today from 18,000 to 16,993 due to the defeat of compulsory universal military training. Two major generals, five brigadier generals and forty colonels were among the officers dispensed with by Chairman Wadsworth of the military committee proposing the amendment.

Freight Is Moving.

W. F. Schaaf, manager of the New York Central said 22 firemen and eight switchmen on that road returned to work today. He said the New York Central was taking care of 80 percent of normal freight traffic and moving 1,000 cars daily in Chicago. While insurgent leaders continued to claim that the strike was growing in strength the general managers' association announced that more freight was moved in Chicago today than on any day since the strike started.

At the stock yards it was stated that although livestock receipts were far from normal they were steadily improving.

The Chicago yardmen's association today denied reports that I. W. W. leaders were behind the switchmen's strike and declared that John Grunau, head of the outlaw organization had not been deposed. Reports from central and far western states indicated a continued improvement in the strike situation. Railroad workers returned at several points and embargoes were lifted by railroads.

SONORA TROOPS IN FIRST BATTLE WITH CARRANZA

Details of Fighting are Not Yet Available

INDIANS JOIN NEW REPUBLIC

AGUA PRIETA, Sonora, April 14.—(By The Associated Press.)—Troops of the new republic of Sonora have had their first battle with Carranza soldiers on the Sonora Sinaloa boundary according to a report received here late tonight apparently verifying an earlier report from Nogales. Military authorities said the battle meant war between the Carranza government and the seceding state.

No details of the battle were received here. Sonora army officers, acting on orders from General Elias Calles, commander in chief, are fortifying the Sinaloa-Sonora frontier and also the mountain passes leading from Chihuahua. Carranza troops already are enroute from Casas Grandes, Chihuahua, toward Agua Prieta, it was said. All saloons were ordered closed in the state today by General Calles. He ordered renewal efforts in recruiting soldiers. Four thousand recruits had joined the Sonora army in less than sixty hours it was announced.

All officials of the new republic here now believe a civil war must settle the doctrine of state's rights. Carranza's Sonora to secede when state authorities declared President Carranza had no right to send troops into Sonora against the wishes of the state.

Yaqui Indians who have been at war for months against the Mexican government have made peace with Sonora authorities and between four and five thousand Red warriors will be mobilized against Carranza, it was said here today.

When Sonora seceded Carranza lost one of his greatest revenue producers, the rich agricultural and mining districts of the state and adjacent territory paying a large part of the Mexican federal revenue. The day before the state seceded it seized and started the operation of the Southern Pacific de Mexico, an American owned railroad to break a strike of the employed of the line which had completely disrupted service. The railroad which runs south from Nogales, now is completely at the service of the Sonora military authorities and is being used to rush troops to the Sinaloa frontier.

Gen. Flores Leading Troops.

El Paso, Texas, April 14.—Information from the Mexican consulate here identified General Angeles Flores as a former governor of the state of Sinaloa. El Fuerte information from the consulates said in Sinaloa been San Blas and Culiacan.

General Flores, information from the consulate added, was in the state of Sonora a few days ago and presumably is leading Sonora troops in the engagement with General Carranza, federal military commander in Sinaloa at El Fuerte, which is near the Sinaloa-Sonora boundary.

CENSUS FIGURES.

Washington, April 14.—Population statistics announced by the census bureau included:

UTILITIES HOME RULE PLAN IS OPPOSED

Chicago Idea Not Favorably Received by Committee of the Constitutional Convention.

Springfield, Ill., April 14.—Propositions for Home Rule of Chicago utilities met an unfavorable reception at a meeting today of the Chicago and Cook county committee of the Illinois constitutional convention.

Members of the committee favored vesting the rate making power for utilities in the general assembly to be exercised by the state utilities commission or a similar body to be created by the General Assembly final action by the committee on the home rule proposals is expected soon.

The municipal government committee also had proposals for home rule of down state utilities under discussion today but took no final action.

The convention met tonight in committee of the whole to hear representatives of the whole to hear representatives of the Illinois Manufacturers' association discuss labor proposals. Union labor representatives presented their arguments last week. Speakers included Charles Piez of Chicago; Dudley Taylor, representing the employers' association of Illinois; J. L. Donnelly of Alton and T. C. O'Brien of Decatur.

The educational committee discussed its final report today and planned to present the report to the convention within a short time.

LOWDEN DISCUSSES HOMELY PRINCIPLES

Topeka, Kas., April 14.—The adoption of some of the "homely principles," among them "that you can't divide among the members of society what you don't produce," and "the reduction of the burdensome overhead expense of our government at Washington," were advocated by Governor Frank O. Lowden, of Illinois, to help solve the present "unhappy conditions," in an address today before the Kansas State Bankers' association.

"History teaches that after every great war the restoration of society to normal conditions is a difficult task," the governor said. "One homely old principle is that industry is essential to progress, and I believe that the time has come for the revival of some of those homely virtues which our fathers practiced and which the wisdom of centuries has found to be the only relief to men."

"We talk about there being ten departments of government in Washington," said the governor. "There isn't a living man who knows how many hundreds of independent departments of government there are in Washington."

STATE TROOPS WILL BE SENT TO KEWANEE

Strike Riots There Beyond Control of Local Authorities—Adj. Gen. Dickson in Charge.

Springfield, Ill., April 14.—Two battalions of the Eleventh Infantry, Illinois Reserve Militia, were ordered from Chicago to Kewanee, Ill., by Adjutant General Frank S. Dickson following receipt of a telegram to Act Governor John Oglesby that strike riots at the plant of the Walworth Manufacturing company had gotten beyond the control of city and county officers. The telegram to the governor said strikers and deputies clashed this morning and that prisoners had been taken from county officers and released.

Adjutant General Dickson, accompanied by Col. S. O. Tripp, left Springfield this afternoon for Kewanee to take personal charge of the situation.

Lieut. Col. William Swanson of the Eleventh Infantry was ordered to designate units for service at Kewanee.

GEN. HARTS HAD ARMY CONTROL IN PARIS

Washington, April 14.—Brigadier General Harts, former commander of American troops in the Paris district told a house investigating committee today that General Pershing gave him full responsibility to cope with conditions arising from misdeemeanors of American officers and enlisted men.

General Harts said he had not sought command of Paris but it was given him by General Pershing who declared that officers and men in Paris were behaving in such a way as to give the American army a bad name.

"I think I improved conditions and did it well," the witness added.

Responding to a query concerning the three year sentence given Lieutenant "Hard Bolled" Smith for brutalities toward prisoners, General Harts said Smith must have exceeded his authority.

DISPOSE OF \$3,000,000 COWAN ESTATE

Chicago, April 14.—Eleven cousins will share the \$3,000,000 estate of William B. Cowan, late Standard Oil Company magnate, under an order entered in the DuPage county court at Wheaton, Ill., recognizing their claims as heirs.

ROGER SULLIVAN ABLE DEMOCRATIC LEADER IS DEAD

Prominent in State and National Politics for Thirty Years

MADE FORTUNE IN GAS BUSINESS

CHICAGO, April 14.—Roger C. Sullivan, 59 years old, Democratic leader of Cook county and prominent in state and national politics for thirty years, died at his home in Chicago today of bronchial pneumonia. He had been seriously ill a month.

Mr. Sullivan returned to Chicago recently from Hot Springs, Ark., where he had gone for his health after spending 5 part of the winter at Palm Beach, Fla., and at Washington where he conferred with political leaders. Mr. Sullivan planned to enter the Democratic national convention at San Francisco as the leader of the Illinois delegation of fifty eight with the avowed intention of making that his last appearance as a political leader.

Nominated Wilson.

Roger Sullivan, condemned in his own state by his opponents as a "boss" and more than once "read out" of the Democratic party by William Jennings Bryan, led the movement that finally resulted in making Woodrow Wilson president of the United States. It was Sullivan who headed the Democratic delegation from Illinois at the Baltimore convention in 1912—a delegation pledged to Champ Clark—and who after sufficient ballots had been cast to discharge his obligation to Illinois, switched the vote of the state to Wilson, and made his nomination possible.

Roger Sullivan had been a participant in every Democratic convention since 1892 and in at least three of the seven he attended he had been a commanding figure. His clashes with Bryan and with the Carter Harrison and William R. Hearst faction of the party in his home state, which brought him the title of "boss" from his political enemies made Sullivan a Democratic figure throughout the country.

Successful in Business.

Roger Sullivan as a business man had been no less successful than as a politician. Coming to Chicago in 1879 to work in the railroad shops as an apprentice machinist at \$1.25 a day he was reported to be worth more than \$1,000,000 at the time of his death.

He was born on a farm near Belvidere, Illinois, Feb. 2, 1861. His education was obtained in the public schools.

After coming to Chicago, Mr. Sullivan was elected to his first political office clerk of the probate court in 1890. During the Cleveland administration he was appointed government gauger. Those were the only offices he ever held.

In 1914 he was a candidate for United States senator but was defeated by Lawrence Y. Sherman. President Wilson opposed Sullivan's election. Two years later his friends proposed his name for vice president but he refused to enter the race.

A Gold Democrat.

Sullivan's differences with Bryan, dated back to the free silver campaign of 1896. He had been a delegate to the Democratic national conventions of 1892 and 1896 but before the election in the latter year he withdrew from the party and joined the "gold Democrats."

The election of McKinley left Sullivan without a party and two years later he returned to the Democratic fold.

Bryan opened the battle in 1908 when he served notice on the Democratic state convention that he would not accept the support of the Illinois delegation unless the convention adopted a resolution demanding Sullivan's retirement from the national committee. Sullivan defeated the resolution and then introduced a resolution endorsing Bryan which was passed. Sullivan remained a member of the national committee until 1916 despite repeated efforts to oust him.

Mr. Sullivan made his fortune in Chicago gas companies and in the cracker business.

Mr. Sullivan and Miss Helen M. Quinlan were married at Chicago in 1885 and to them were born one son and four daughters.

TO CANVASS RETURNS

POSTPONE PARLEY TO DISCUSS RAIL STRIKE

Illness of Brotherhood Chief Upsets Conference Between Union Officials and Department of Labor Representative.

Cleveland, O., April 14.—A conference arranged by A. L. Faulkner, local representative of the department of labor at Washington with W. G. Lee, president of the Brotherhood of Railway Trainmen, W. S. Stone, chief of the engineers and W. S. Carter, president of the firemen brotherhoods for late this afternoon, failed to materialize, when Mr. Faulkner telephoned Mr. Lee he could not attend because of illness. No arrangements were made for a future conference. Mr. Lee with the approval of the other two chiefs told Mr. Faulkner they would meet him as a private citizen rather than a government official to settle the differences between the brotherhoods and the strikers.

All three brotherhood chiefs today notified their general chairmen thruout the country that they must not participate in any conferences with governmental or railroad officials at which representatives of the newly formed yardmen's association are present.

The brotherhoods will offer no objections to the yardmen's association being represented before the railroad labor board provided the brotherhoods are allowed to present their cases first, Mr. Lee said.

Brotherhood of Railway Trainmen officials tonight gave out a partial list of telegraphic reports from their general chairmen thruout the country naming railroadmen have returned to work. More than 50 cities are named.

According to brotherhood officials, 500 Cleveland members who have been on strike held a meeting today and voted to return to work tomorrow morning. The Erie road members here have all returned to work and 80 percent of the men at the New York Central, members of the switchmen's union of North America were working today.

Frank J. O'Rourke, president of the Cleveland Yardmen's association and leader of the local strikers said the men who walked out are standing firm and that they have freight movement in Cleveland almost completely tied up.

LOWDEN'S LEAD IN STATE IS INCREASED

Wood's Cook County Vote Heavily Offset by Lowden's Strength in the Down State Counties.

CHICAGO, April 14.—Governor Frank O. Lowden's plurality over Major Leonard Wood in yesterday's presidential preference primary tonight stood at 74,813, with 63 out of 102 counties complete and with only 249 precincts out of 5,696 in the state missing. Governor Lowden's vote was 254,229, and General Wood's 159,426.

Senator Hiram Johnson, of California, whose name was written in on the ballots, polled 46,909 votes, of which 40,881 were cast in Cook county. Johnson votes were recorded in 1,056 precincts outside of Cook county. The figures were:

Outside of Cook.

Lowden—Men, 136,206; women, 19,689. Total, 155,895.

STRIKE AGREEMENT SEEMS CLOSE IN EASTERN STATES

Men Ready to Give R. R. Labor Board a Chance

DISCLAIM ANY UNAMERICANISM

NEW YORK, April 14.—The first overtures of peace on the part of the striking railroad workers, who have disorganized the railroad transportation facilities of New York and Northern New Jersey came tonight when Edward McHugh, chairman of the strikers' committee gave out a statement that now that the railroad labor board has been appointed we desire to avail ourselves of the opportunity provided by it for a consideration of our grievances.

Mr. McHugh declared, however that the strikers would not go back until they had received a substantial wage increase and that they are going to permit politicians in their ranks to lead them. He denied emphatically that the ranks of the strikers were weakening here and declared they were stronger than ever.

"Not Revolutionists."

"In retiring from work," he added, "the railroad men for whom we speak are seeking to uphold an American standard of living. We are American citizens. We are not revolutionists. Our wages are inadequate to support our families. These facts are certified by the statement of the railroad administration of the department of labor and other national governmental bodies."

"Every possible means of remedying this situation was exhausted before we individuals stopped work. Last August our appeal for relief was carried to the president. We were then asked to wait on the assurance that if the cost of living did not recede, our wages would be adjusted. The cost of living rose but we have neither relief nor the assurance of relief. Railroad trainmen from all over the country telegraphed their brotherhood officials," he continued, demanding that consideration be given this situation. "Nothing happened except more delay."

Given Only Promises.

"The railroad companies were guaranteed a substantial rate of return while the railroad workers were given ambiguous assurances. Furthermore the railroads were able to go directly to the interstate commerce commission while the delay in setting up the railroad board left the railway employees without any possible court of appeal. When no other way of bringing their case to the attention of the government existed they stopped work. Now that the railroad labor board has been appointed, we desire to avail ourselves of the opportunity provided by it for a consideration of our grievances in accordance with the provisions of transportation."

Mr. McHugh's statement was given out in Jersey City a few hours after a meeting there of the triker who have organized themselves into the United Railway Workers of America.

Striking employees of the Hudson and Manhattan tubes who were notified that their applications for reemployment would not be received following their failure to report for duty at 4:30 o'clock yesterday afternoon met in Jersey City tonight to map out a course of action. The company owning the tubes has been raining strike breakers during the last few days in the operation of trains but has not yet announced a resumption of service.

STUTZ MOTOR HEADS QUILTS STOCK EXCHANGE

New York, April 13.—Allan A. Ryan, chairman of the Stutz Motor Car Co., resigned today from the New York Stock Exchange and accused members of the board of governors of being short in Stutz stock trading in which was suspended by the exchange when the price skyrocketed.

Eloomington, Ill., April 14.—Judge Sain Welty, of the circuit court here, died this noon at his residence, following an illness of two weeks' duration with a complication of diseases, superinduced by an attack of heart trouble.

"The railroad companies were guaranteed a substantial rate of return while the railroad workers were given ambiguous assurances. Furthermore the railroads were able to go directly to the interstate commerce commission while the delay in setting up the railroad board left the railway employees without any possible court of appeal. When no other way of bringing their case to the attention of the government existed they stopped work. Now that the railroad labor board has been appointed, we desire to avail ourselves of the opportunity provided by it for a consideration of our grievances in accordance with the provisions of transportation."

Mr. McHugh's statement was given out in Jersey City a few hours after a meeting there of the triker who have organized themselves into the United Railway Workers of America.

Striking employees of the Hudson and Manhattan tubes who were notified that their applications for reemployment would not be received following their failure to report for duty at 4:30 o'clock yesterday afternoon met in Jersey City tonight to map out a course of action. The company owning the tubes has been raining strike breakers during the last few days in the operation of trains but has not yet announced a resumption of service.

STUTZ MOTOR HEADS QUILTS STOCK EXCHANGE

New York, April 13.—Allan A. Ryan, chairman of the Stutz Motor Car Co., resigned today from the New York Stock Exchange and accused members of the board of governors of being short in Stutz stock trading in which was suspended by the exchange when the price skyrocketed.

Eloomington, Ill., April 14.—Judge Sain Welty, of the circuit court here, died this noon at his residence, following an illness of two weeks' duration with a complication of diseases, superinduced by an attack of heart trouble.

THE VOTE FOR JOHNSON

It is really surprising to think that Senator Johnson, whose name had to be written on the ballots, received about 49,000 votes for the presidency in the Tuesday primary. Evidently the California senator's irreconcilable position on the peace treaty has won him support. Then his known friendship with Roosevelt has given him many supporters. Johnson will be heard from at the national convention.

THOMPSON IS DOMINANT

There are a lot of good people living in Chicago who declare that Mayor Thompson is not nearly the ogre that the city press would have people believe. At any rate, the mayor is certainly some politician and the election Tuesday put him in absolute control of

Cook county political affairs. With such control he becomes a political influence with which party leaders in both state and nation must reckon.

Gov. Lowden's statement in acknowledgment of the vote given him by the people of the state in the primary election was in the dignified tone that might be expected. The governor made no special campaign in his home state, but preferred to stand on his record and leave the matter in the hands of his friends, and the results must have been gratifying to him, along with the knowledge that the vote for him could undoubtedly have been much more decisive if a campaign to accomplish this had been waged.

THE ENEMIES OF LABOR

When the railroad workers who recently walked out find that Russian radical influence is behind the present movement, they will decide that they have been duped again. According to the evidence the government has, the present movement is directed against the American Federation of Labor. The public sometimes feels that it sets the worst of it at the hands of the federation, but knows the federation is a bulwark of Americanism by comparison with the sinister organization from the old world which is seeking to gain a footing here and to overthrow organized society.

The packers are closing out various lines of business in which they have been engaged in accordance with the recent agreement

with the government. Without these special lines the packers do a business total which runs to marvelous figures. Swift & Co. lead in this total and other firms also approach the billion dollar figure. Economists are apt to say that business on such a large basis can be conducted more efficiently and on a smaller profit basis than can a business of lesser size, while others, especially some of the magazine writers, will maintain that such enormous business must be done at the exploitation of the public.

IT'S YOUR DUTY TO VOTE TUESDAY

Keep in mind that a regular city election will take place next Tuesday, April 20. An alderman is to be elected in each of the four wards. Those now serving and whose terms are about to expire are Aldermen Flynn, Williamson, Quinn and Chanin. They are all candidates for re-election and should be returned by a heavy vote. While they are running without opposition, the men and women of Jacksonville should give proof of their interest in municipal affairs by taking part in this election.

The very important question of issuing \$30,000 in bonds is also before the people. The council has explained that the money from such a bond issue is necessary, with all other funds available, to complete the filtration and build the power plant. It will not do to take a chance at the election. If you want the filtration and power plants completed do not fail to go to the polls next Tuesday. Men and women have equal rights in this election.

NOTICE Hereafter Benson's restaurant on the north side of the square will close evenings at 8 except Saturday and Sunday evenings, until further notice.

Rippling Rhymes By Walt Mason

Climate. I travel east, I travel west, to find the smoothest climate; and when at last I've found the best, no doubt I'll defy rhyme it. I travel north, I travel south, and find the folks complaining; for here there is a beastly drouth, and there it's always raining. I sit me down beside the sea to write some soulful stanzas, and make me yearn for Kansas. Upon the mountain's brow I sit, and view the valleys under, and then the storm fiend throws a fit, with hail and sleet and thunder. I traverse lands across the foam, from Cork to the Nyanzas; and all things say, "You're far from home," and make me sick for Kansas. And Kansas climate is the worst that e'er the Lord invented, with cold and heat and winds accursed—but there I'm most contented. For there my friends are drilling round, the slowest and the quickest; and where my dearest friends are found, the climate is the slickest. I travel up, I travel down, to find an earthly heaven, and always sigh for my old town, dimensions, five by seven.

COMMITTED SUICIDE

Clarence Dixon, a well known passenger conductor on the Wabash committed suicide at his home in Decatur a short time since. His wife left him in the house while she went out for a while and when she returned she found him in the kitchen where he had connected a pipe with the gas pipe and had inhaled the vapor till he was dead.

He had been in poor health and was at one time a patient at the Norbury sanitarium and the rash act was probably due to despondency. He was well known all along the line between Decatur, Keokuk and Hannibal. He has a brother who is also a passenger conductor on the Wabash.

TWO SUITS FILED IN CIRCUIT COURT

In the circuit court yesterday an ejectment suit was filed by J. F. Kennedy against the Palmyra Light, Heat and Power Co. The complainant is represented by E. Elter. It is set forth in the bill that the defendant company has placed poles and lines on the land belonging to the complainant and without authority. A similar suit has been filed against the company by E. E. and J. C. Deatherage.

William Zahn et al. have brought a suit against R. E. Fox in the circuit court, the complainants being represented by Walter W. Wright. The papers filed indicate damages in the sum of \$2,000 are asked.

PRETTY WEDDING AT WINCHESTER HOME

Miss Bessie I. Coultas Becomes Bride of Alva Stainsforth—Boy Meets With Painful Accident—Other Scott County Happenings

Winchester, April 14.—A very pretty home wedding occurred Wednesday afternoon at the home of Mr. and Mrs. Charles E. Coultas, on South Hill street, when their daughter, Miss Bessie I. Coultas, was married to Alva G. Stainsforth, son of Mr. and Mrs. John H. Stainsforth, of Lynville. The ceremony was performed at 5 o'clock and was witnessed by only members of the immediate families of the young people. Rev. C. W. Caseley was the officiating clergyman and the attendants were Miss Fannie Coultas, sister of the bride, and Leo Stainsforth, brother of the groom. The home was prettily decorated for this April wedding, the predominating color tones being pink and white. The bride was charmingly attired in a gown of pale blue georgette crepe. Mrs. Stainsforth is one of Winchester's most popular young women and is much admired by her many friends. She has been one of the county's successful teachers and will be greatly missed in her home community. She is a graduate of the Winchester high school in the class of 1913. The groom is an electrician by occupation and is located at Toledo, Ill. He is a young man of splendid character and sterling worth. He was for a time at Illinois College in Jacksonville and has many friends there, as well as in his home community. Following the ceremony a luncheon was served at the home of the bride's parents. Later the wedded pair left for Springfield for a brief visit before going to their new home in Toledo. There they will begin their life together under most happy circumstances, and will have the best wishes of their many friends.

Harry Wells arrived Tuesday night from Miami, Okla., for a visit at the homes of Charles Doyle and William Wells and with other relatives.

Mrs. Mary Lilley is ill at the home of her daughter, Mrs. Grant Mader.

Little Paul Henson had a painful accident Tuesday afternoon. He was just leaving the school grounds when one of the high school boys threw a large cinder, striking the boy on the cheekbone, just below the eye, and inflicting quite a wound. He will be kept from school the remainder of the week because of the accident.

Mrs. J. C. Andras and Miss Golden Rochester entertained about thirty-five friends at their home in Manchester, recently, the event being a miscellaneous shower in honor of Miss Teresa Cochran. Many suitable gifts were received by Miss Cochran, who is to become a bride at no distant date. The occasion was a pleasant one for all present. At a late hour refreshments of ice cream and cake were served.

The result of the primary election in Scott county was as follows: Lowden (men) 259; women) 45; Wood (men) 74; women) 10; Johnson, (men) 9. ADD MATRIMONY Nauty—Crouse. Peter Nauty and Miss Helen B. Crouse, both of Sinclair, were united in marriage at 8 o'clock Wednesday evening by the Rev. George T. Wetzel, at his home on East College avenue.

The bride is the daughter of Theodore Crouse and is a young woman whose charm of manner and womanly qualities have endeared her to a wide circle of friends. The groom is the son of James Nauty and was in the service in the late World War, spending ten months overseas. He is a farmer by occupation and has been operating the farm of Mrs. John Trotter, near Sinclair. They will begin housekeeping at once on the Trotter farm.

FIRE DAMAGES DUFFNER STORE

Origin of Fire is a Mystery—Was Discovered in Second Story of Building.

Fire which started in the second story of the clothing store of Thomas Duffner at 2:45 o'clock Wednesday afternoon caused damage to the extent of several hundred dollars.

The first was discovered by someone in the street and the alarm was quickly turned into the department. Mr. Duffner uses the second story for the storage of surplus stock and there was quite a lot damaged by fire and water.

The fire seems to have originated in a box of goods in the northeast corner of the building. What caused the blaze is a mystery. The firemen did excellent work upon their arrival at the fire and soon had the flames under control.

Men are never disappointed with the service they secure from Shirts recommended by FRANK BYRNS Hat Store.

Are you going to paint this year?

Did you ever stop to think what a coat of paint on your house or outbuilding would do for you?

It not only improves the looks of your buildings but it preserves the lumber from the weather.

Ho often have you driven by a place that was nicely painted and you commented upon the thrifty appearance of the property.

And while the old saying is "That clothes do not make the man" but in these latter years we all acknowledge that a well dressed man makes the best headway in this world, and so it is with your property, if it is well kept you will find that you have a higher standing in your neighborhood and among your associates.

We would call your attention that we have a full line of standard paints and oils for the interior as well as the exterior. Also a full line of brushes and painters' supplies, as well as a complete line of hardware, harness and farming implements.

It's Cheaper to Prevent Accidents

One accident may cost you more than ten Kobzy Signals. Some only mean a bent fender but others result more seriously. In any case there is delay and annoyance. Protect yourself. The Kobzy Signal is so easy to operate it soon becomes an instinctive part of driving. There are no push buttons to confuse you. The lever on the control box moves the way you want to go—to the right when you turn to the right—to the left when you turn to the left—down for "stop." As the lever must always pass through "neutral" before putting up another signal, the last one, if up, is automatically dropped. It is impossible to show two signals at one time.

Kobzy Signals are operating day and night on cars of every make, winter and summer. With ordinary care they will outlast the life of the car.

Matrimonial

Bancroft—Pettyjohn.

Announcement was received in the city yesterday of the marriage of MacGregor Bancroft and Miss Margaret Pettyjohn, of Evanston, Ill. The groom is the son of Mr. and Mrs. W. A. Bancroft, of Prospect street, this city, and until recent years was a resident here. The ceremony took place on April 1, at the Episcopal church in Cleveland, O., and the only witnesses were a few intimate friends of the contracting parties.

Relatives of Mr. Bancroft in this city knew of the engagement but the marriage comes as a surprise to them, as it was not expected until a later date.

The bride is a daughter of Dr. and Mrs. Pettyjohn, prominent residents of Evanston. She has been employed as a kindergarten teacher in Evanston and is a young woman of charming personality.

The groom, as indicated, is a former resident of Jacksonville. He left the city several years since and has since been employed by the Moneyweight Scale Co., in Cleveland. During the World war he saw two years of army service, eight months of which period was spent in the overseas army. He is a young man of fine character and unusual business ability.

Mr. and Mrs. Bancroft will be at home at 1374 Gladys avenue, Cleveland, and their wedding life begins under most favorable auspices.

Walsh-Flynn

The marriage of Miss Alma Catherine Flynn to Mr. Maurice F. Walsh was solemnized at St. Bartholomew's church in Murrayville Wednesday morning at 9 o'clock. Rev. F. V. Flynn officiating. Nuptial high mass was sung, music being furnished by Misses Margaret Walsh, Serena Connolly, Mr. and Mrs. Chas. M. Ryan and Frank Flynn, with Mrs. Martin G. Ryan of Altap at the organ. Edward Flynn and Robert Walsh of Jacksonville served the mass. The bride and groom and attendants, Miss Gussie Flynn and Eugene Murray entered the church to the strains of the wedding march from Lohengrin and while the ceremony was being performed, Mrs. Chas. Ryan sang Millard's "Ave Marie." Mendelssohn's march was played as a recessional.

The bride wore a handsome gown of taupe georgette and satin with hat to match and the bride-maid's gown was of blue georgette with a hat of black lace. Both wore dainty corsage bouquets.

Following the marriage breakfast was served at the home of the bride to immediate relatives in both families. The day was also the occasion of the 35th anniversary of the bride's parents, Mr. and Mrs. John Flynn.

Both young people are members of prominent families residing near Clements and have many warm friends who will unite in wishing them a very happy future. The bride was educated at the Sacred Heart Academy in Springfield and at the Illinois College of Music this city. She is an accomplished pianist and has for several years successfully instructed a large class of pupils.

The groom is the only son of Mr. and Mrs. Thos. J. Walsh and is a young man of exceptional character and ability. He was among the first of the Morgan county boys to enter army service and was assigned to the medical department for nearly two years. Since his return he has been engaged in farming and has ready for occupancy a newly furnished home near Clements to which he and his bride will return after a brief wedding trip. Those present from a distance were Miss Rosa Walsh of South Bend, Ind.; John Walsh, Misses Gertrude and Anna Garde and Wm. Garde, of Worden, Ill.; Mr. and Mrs. M. G. Ryan and children of Altap; J. J. Curtin of Chicago; Miss Helen Walsh of Springfield, Ill.

ANNOUNCEMENT.

I am a candidate for member of the board of education. Write my name on your ballot at the election Saturday.

GREEN SEALS

A Green Seal Battery is one which is shipped to us from the factory with the elements never having been wet or charged. The spacers are so made that it is impossible for us to use them, so that we are required to take new spacers from our stock and build the battery, here in our well-equipped shop. When we have built it up it is ready for the electrolyte and its proper charge. When you get it it is absolutely NEW, not only from the factory, but from here.

You know that when you buy a Prest-O-Lite Green Seal Battery you are getting something for your money; a battery that has not been on the shelf, deteriorating, either at the factory or here; it is new.

If you are in need of a Battery, come in and we will be pleased to go further into detail, to your utmost satisfaction.

If you have never called on us, we wish to tell you our shop is at 218 South Main and we have both phones.

What Are You Going to Do About Your Catarrh?

Improper Treatment Leads to a Serious Stage.

Because you have doubtless been irritable comfortable through the mild summer months, and free from the soreness and irritation of the membranes, do not make the mistake of thinking that you are of your Catarrh. For if you suffered with this disease last winter, it will again be with you in all its severity unless you have eliminated entirely from the blood the germs which cause the disease.

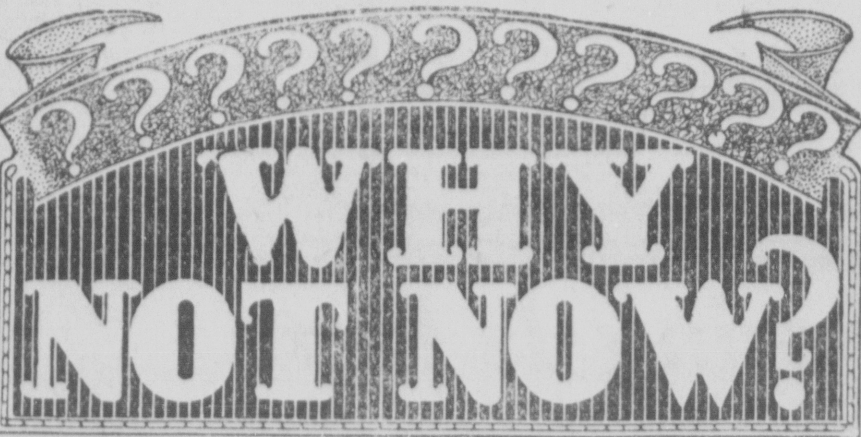

Are you going to further temporize with a disease that leads to such a serious condition? Don't you know that you can use gallons upon gallons of local treatment without the slightest permanent benefit? Just give the matter a little careful thought, and you will realize that it is but a waste of time and money, besides seriously jeopardizing your health, to continue a method of treatment that has proven of so little value in making any real progress toward genuine benefit.

First of all find out just what causes your Catarrh. If it is merely a local irritation and inflammation of the delicate linings of the nose, throat and air passages, then you might reasonably

expect to be cured by the use of local remedies. But have you ever known of one single person to be freed from the slavery of Catarrh by any kind of local treatment?

Why? Simply because they have overlooked the cause of these symptoms, and hence the treatment has been misdirected. Remove the cause of the clogged up accumulations that choke up your air passages; and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they promptly reappear and will continue to do so until their cause is removed.

But if you will take a treatment that goes right down to the very source of the disease and attacks it at its starting point, then you are on the right track, and can expect results. S.S.S., the fine old fifty year old blood remedy is an anti-dote to the millions of tiny Catarrh germs with which your blood is infested. Don't waste further time by continuing a treatment that can make no progress toward permanent relief, but begin to take S.S.S. today, and you will receive the same benefit that others have. S.S.S. is sold by all drug stores. Write us for free medical advice about your own case. Address: Chief Medical Adviser, 17 Swift Laboratory, Atlanta, Ga.

Most so-called hair tonics depend only on irritation of the scalp to start hair growth. Hirsutone is an entirely different idea in that it is a true tonic for the scalp and hair, a cleanser for the scalp, a preventative of dandruff, fertilizer of the hair roots and a perfect hair dresser. CORONER'S JURY EXONERATES M'GINNIS

Body Inquiring Into Death of Henry Hardy Find Officer Was in Performance of Duty—Officer Baker Was Main Witness.

After hearing the testimony the jury empaneled by Coroner Rose to inquire into the death of Henry Hardy who was shot by Officer John McGinnis Tuesday afternoon, returned a verdict exonerating the officer.

The jury was composed of T. H. Rapp, foreman; Charles L. Mathis, Tilman J. Stout, Robert R. Buckthorpe, James H. Hall and George F. Brown. The jury first convened at Gillham's undertaking parlors but because of the large number of spectators adjournment was taken to the circuit court room.

The jury heard the testimony of Dorothy Dodd, Officer Baker, Chief Kiloran, Will Homer, Clarence O'Daffer and Mrs. Ada Stice. The Dodd woman was the first witness and her story differed somewhat from that of Officer Baker. However, she did not deny getting a revolver upon the occasion of Baker's first visit to the Hardy residence.

The testimony of Officer Baker was of the greatest importance as he was an eye witness of the entire affair. The officer told

the jury in detail of his first visit to the Hardy residence, looking for Goldie Schermerhorn.

The witness also told of the conversation with the Dodd woman and his return to the police station and the swearing out of the warrant for the arrest of Miss Dodd. His testimony was substantially the same as that which appeared in the Journal Wednesday morning.

The testimony of Homer and O'Daffer and Mrs. Stice did not bring out any new facts in the case.

States Attorney Robinson and City Attorney John A. Bellatti assisted at the inquest. A number of city officials were present and Officer McGinnis was also present but did not take the stand.

After hearing the testimony the jury returned the following verdict:

"We the jurors sworn to inquire of the death of Henry Hardy on oath do find that he came to his death from a gunshot wound from a shotgun held in the hands of Patrolman John McGinnis while acting in the performance of his duty. We, the jury recommend that he be exonerated from all blame."

Hereafter Benson's restaurant on the north side of the square will close evenings at 8 except Saturday and Sunday evenings, until further notice.

WILL ATTEND CONFERENCE OF COLLEGE PRESIDENTS

Dr. Joseph R. Harker, president of Illinois Woman's College will leave today for Champaign where he will attend a conference of College presidents of Illinois which will be held at the University of Illinois Friday. The conference will consider the problems relating to standards of endowments, equipment, faculty and other matters of interest to colleges at this time.

TWO THOUSAND S. S. WORKERS COMING

Great Company of Delegates Will Be Here for June Convention—Hope for Fine Morgan County Showing.

The Illinois State Sunday School Convention will be held in Jacksonville on June 15-17, 1920. This will be a gathering of about two thousand workers from all parts of the state. Speakers of national reputation will address the sessions, and experts in all departments of Sunday school work will be present and assist in the convention.

This is Morgan county's opportunity to become widely and favorably known. It has been demonstrated by one county survey in this state that the property valuation was 25 per cent more where churches and Sunday schools were supported than it is where they are not. This is very significant and should spur people on to more active service in the cause of Christianity.

There has been an S. O. S. call sent to some of the delinquent Sunday schools in the county, urging their prompt reply on their annual reports. This is necessary in order that the county may hold a proper place in the comparative reports that will be presented at the state convention in June.

The county secretary is anxious to receive these reports for he must have his report into the state office within two weeks. He said recently, "Let us all pull together for better Sunday schools and better farms in Morgan county and we will make better Americans for us and our neighbor."

Membership tickets must be presented at the door for admittance to Woman's Club concert tonight. Tickets may be secured at the door.

Funerals

Weber.

Funeral services for Herman Weber were held from the residence in South Jacksonville at 2:30 o'clock Wednesday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church.

The services were attended by a large number of friends and relatives which served to show the high esteem in which the deceased was held in the community in which so many years of his life were spent. Members of Urania Lodge No. 243 I. O. O. F. attended the funeral in a body and had charge of the services at the grave.

There were many beautiful floral offerings and these were cared for by Dorothy Chipchase, Marie Corrington, Marguerite Corrington, Lillian Carter and Catherine Cain.

Burial was in Diamond Grove cemetery, the bearers being John K. Long, E. E. Henderson, William Heint, Grant Graft and George F. LaRue.

Abell.

Funeral services for Harley Thomas Abell were held from the residence on South Fayette street at 2:30 o'clock Wednesday afternoon in charge of the Rev. G. W. Randle, pastor of Broadway church, assisted by Dr. A. A. Todd, pastor of First Baptist church. Ensign Sherwood of the Salvation Army also spoke briefly.

Mrs. E. D. Canatsey and Mrs. Gertrude Richardson sang a duet. Mrs. Canatsey sang a solo and a quartet composed of James Guyette, C. B. Magill, Maurice Peckham and Ben Denney also sang.

The many beautiful flowers were cared for by Mrs. Frank Smith, Mrs. Edwin Simms, Miss Ella Campbell and Miss Floy Stevenson.

Burial was in Diamond Grove cemetery the bearers being, Frank Smith, Charles Cruse, Walter Emberton, Edwin Simms, Howard Woodman and Frank Massey.

HILY MEETING AT CHRISTIAN CHURCH

Due to the fact that the Illinois College headquarters for the campaign drive are at the Y. M. C. A., the Hily meeting and supper was served at the Central Christian church. Mrs. T. H. Buckthorpe and her assistants served the supper. The subject for study was "David."

The Boy Scout Troop No. 2 held an open meeting last night at the Y. M. C. A., which their parents visited.

The high school play practice was held in the Y. M. C. A. last evening, owing to the fact that the David Prince building was being used by the Elks lodge.

Much annoyance is caused street car motormen by persons in the evening who fail to dim their lights when approaching a street car. Sometimes the car man is blinded by the dazzling light and is unable to see a would be passenger waiting to be taken on board. Of course he can't jump off and get the number of the offender's car though if he should do so he could make the forgetful person some trouble.

DOROTHY DODD IS HELD TO GRAND JURY

Dorothy Dodd who is alleged to have threatened Officer Baker with a revolver Tuesday afternoon at the residence of Henry Hardy was arraigned before Justice Dyer Wednesday afternoon. She was held in the sum of \$500 and Louis Freitag furnished the necessary bond. The charge is assault with deadly weapon.

FUNERAL NOTICE

Funeral services for Henry Hardy will be held from Gillham's undertaking parlors at 2 o'clock this afternoon in charge of the Rev. A. A. Todd.

Farm Bureau Notes

Soybean Seed for 1921—At the Springfield conference it was reported that almost every county in central Illinois is making an effort to grow its soybean seed for 1921. Champaign County has the greatest average. A. K. and Mongol seem to be the leading varieties. On grower drills the field will be sown with a 7 inch drill sowing 1 1/4 bu of Mongol or 1 bushel of A. K. per acre.

Grain Grading Demonstration—We shall put on a grain grading demonstration in Morgan County either this month or next. A representative of the U. S. Department of Agriculture will bring the apparatus and give the demonstration. This demonstration will be for both farmers and elevator men. It may be people to give two of these in the county in one day.

Community Organization—Quite a number of the counties of Illinois have community organizations. These are not all of the same sort. Quite a number of the farm advisors favor a community chairman for each community. The majority favor the appointment of this chairman by the executive committee. When it comes to any other line of work in the community, it is suggested that the community chairman can easily find the man fitted for the special work without making a community committee of numerous members who will really have very little to do.

The Wool Pool—H. W. Mumford of the I. A. A., gave some pointers on the Wool Pool. Corn belt wool shrinks from 2 to 6 per cent between the time of arrival, and the time of selling. The average shrinkage is 4 per cent.

Wool should be stored in a dry place on the farm. Twine furnished by the I. A. A., will come in 7 1/2 foot lengths. Iowa wool growers will probably sock fleeces tied with binder twice five per pound. Growers will get credit for sacks of appraised value at the warehouse at Chicago. Probably from 50 to 70¢ a piece. Wool should be packed snug. They advise marking with paint on the outside and a shipping tag on the inside. Last year some sacks could not be identified because the paint rubbed off. If the pool is under 5,000 lbs. it is advisable to ship by express. If it is over 5,000 lbs., and less than a car it may be shipped by local freight. It should be shipped in car load lots if possible. Accurate home weights should be secured.

The Hessian Fly—The Hessian Fly has not yet emerged. The fly seeds are buried deep in the mud in some cases and may never get out in general those in the mud produce better than those in the plants. The snow did not damage them. They will begin coming out in a week if we have five or six days of warm weather. They began hatching in the southern part of Illinois last Friday. The flies will lay eggs in 2 or 3 hours after emerging from the pupa cases. The small black fly seen around fields at the present time is not the Hessian fly but the Fungus gnat so called because it lives upon fungous growth or decaying vegetable matter. If less than six wheat plants per linear row are found it may be advisable to plow up the field. Damage will be done by this spring brood. Under favorable conditions, they will fly five miles.

Watch the Seed Label—The state seed analyst urges farmers to insist the dealers label seeds according to the Illinois Seed Law. Five firms were mentioned as shipping seed into Illinois with their own analysis stated in a way that would imply it was a state analysis. If seed is sent C. O. D., these firms may be prosecuted. Where it is paid for in advance, the firm cannot be handled under the Illinois seed law. Insist that dealers label seeds according to the Illinois seed law.

CHURCH EFFICIENCY CAMPAIGN IN WOODSON
A church efficiency and community welfare campaign is to be held at the Woodson Christian church from April 20 to 25. The campaign is to be under the direction of James L. Scofield, who is advertised as "chautauqua manager, lecturer and expert organizer." The work planned is for the home, church and school and progress of special merit have been arranged for each day of the campaign. A more extended notice of the project will be made at an early date.

MAKE PLANS FOR FIRST MEETING.
An executive board meeting of the First Methodist Missionary society of Jacksonville district was held yesterday in the basement of the Ayers Bank building. The meeting was called to make plans for the district meeting, which will be held in Carlinville May 18 and 19.

The officers of the board are Mrs. Eva Hairgrove, of Virvieda, president; Mrs. Dora Lowdermilk, secretary, and Mrs. Charles Hopper, corresponding secretary, and Mrs. F. T. Peters, of Bluff Springs, treasurer.

SMITH IS PRECINCT COMMITTEEMAN

It only took the toss of a nickel to decide who was to be the committeeman in Concord precinct Tuesday. Lloyd B. Smith and J. M. Leonard tied, with 23 votes each, and it was up to one of them to vacate. The matter was decided when William Filson tossed a nickel and Leonard called heads and lost.

BOARD OF EDUCATION ELECTION SATURDAY

Polling Places in Four Wards Listed—Names of But Three Candidates to Appear Upon Ballot.

The board of education election will be held Saturday and the polls will be open from 11 a. m. to 6 p. m. The polling places will be as follows:

No. 1—Jefferson school building.

No. 2—David Prince building.

No. 3—Election building, rear of the jail.

No. 4—Election building, corner Grove and Fayette streets.

As already indicated, the names of but three candidates will appear upon the ballot. Thomas Hopper, H. L. Caldwell and Charles Fiedler. Their petitions were filed by friends and it is understood that they will make no effort on their own behalf for election, tho they are willing to serve.

Mrs. J. K. C. Pierson, who is now a member of the board did not file her petition in time to have her name appear on the ballot but has announced that she will seek election and believes that women of the city should have direct representation.

Mrs. Charlotte Frances Deatherage Gray has also announced her candidacy and is asking supporters to write her name upon the ballot. There are some voters who do not seem to understand that they vote for three members of the board. The tickets in all wards are the same, altho persons voting must go to the polling place in the ward in which they live.

Debate—Ill. College vs. Augustana, Jones Bldg. on Thursday, April 15, 8 p. m. Admission 25c.

There is a Difference in the Way the Liberty Rides and Drives

Liberty Touring Car

The difference of the Liberty's riding and driving it not to be wondered at when one learns the steadfast quality of the car, which becomes more and more apparent as the miles roll up.

To this unmistakable worth, and also to the high order of designing displayed even in the very minor details, may be attributed qualities so divergent as the unusual comfort which the Liberty affords, and the uniform reasonableness in the cost of operation and upkeep. The car is one of the moderate weight in proportion to its size, amply powered, with a responsiveness and flexibility that are remarkable.

It is replete with features that have literally commanded the enthusiasm of Liberty owners. The upholstery is of genuine leather in the French pleated type, fitted over unexcelled special cushion springs. Plainly-marked side curtains are carried in a very accessible compartment back of the front seat. The steering wheel is of black walnut, properly corrugated around the inner surface. There are special top holders, horse-hair carpets in each compartment, a rear curtain light of beveled plate glass set in a heavily nickel-plated rim, and an equipment that is considered exceptionally complete.

ELKS RECEIVE BIG CLASS OF MEMBERS

CEREMONIAL SESSION HELD AT DAVID PRINCE SCHOOL

Following Banquet Program More Than \$30,000 Was Subscribed to Building Fund Through Bond Plan—Whole Lodge Is Enthusiastic About New Home.

One of the most impressive ceremonies in the lodge history of Jacksonville was that which occurred Wednesday night, when more than 100 men were admitted to membership in Jacksonville lodge No. 682, Order of Elks. The ceremonial session took place at the gymnasium of the David Prince school, and the banquet which followed was served by the women of Central Christian church in the spacious church dining room. Following the banquet, Elks in enthusiastic way subscribed \$30,000 to the building fund.

The gymnasium had been transformed into an immense Elks' lodge room, and the decorations were of a patriotic kind, in accord with the tenets of Elksdom. T. C. MacVicar, exalted ruler, conferred the work with the assistance of other officers including P. P. Thompson, Keith Montgomery, George Timmons, Paul B. Moriarty, H. L. Caldwell and E. P. Alexander. Past exalted rulers also had part in the impressive ceremony. The Bart Johnson orchestra furnished the musical program.

One Ceremonial. All the candidates took the work at one time, as hundreds of members of the order sat as interested spectators. Immediately following the ceremonial session adjournment was taken to Central Christian church. There a splendid banquet was in readiness and was served with the ease and dispatch that is always evident in the Christian church dining room. After the final course, T. C. MacVicar, presiding as exalted ruler, introduced Miller Weir as toastmaster, and he met the demands of that difficult role with signal ability.

Among those who made brief responses were A. A. Curry, Harry M. Capps, Vincent Riley, E. L. Sharpe, Andrew Russell, E. E. Crabtree, T. A. Chapin, A. C. Moffet, Hugh Green and Joshua Hubbs. When Mr. MacVicar was presented his remarks naturally centered about the new Elks home into which the Y. M. C. A. building is soon to be transformed. Booklets with a full description of the new home were in the hands of all the members present. Mr. MacVicar outlined the plan for raising the needed funds for the improvement of the building.

Will Issue Bonds. Building bonds are to be issued and judging from the publicity with which purchases were made last night, there will be little trouble in securing the amount of money needed for additions, and changes in, the Y. M. C. A., building which will make it an Elks home in which the order and Jacksonville may well take pride. The detailed floor plans will be presented in a later issue.

The Jacksonville lodge of Elks is now very strong both financially and in numbers and as the statements made indicate the ceremonial session last night was in every way impressive.

BOARD OF EDUCATION IN SPECIAL SESSION

Members Met Last Night to Sign Bonds for New Building—Vocational Training to Begin Next Year in Local School—Work on New Building Progressing.

The members of the board of education held a special session last evening for the purpose of signing the bonds to be issued for the new building. There were present Members Black, Muehlhausen, Parker, Pleson and Rogerson, with President Lippincott in the chair. The chair explained that it was necessary for the present that the president and secretary sign the bonds, and it was deemed wise to do it prior to the election Saturday, in case either of the officers named is not re-elected. Members Rogerson and Muehlhausen were named a committee to check out the bonds to the president and secretary, and see that the proper number were signed.

The president and secretary were also instructed to secure a bank vault for the safe custody of the bonds. It was also explained that it would be necessary for a member of the board to sign the bonds in addition to the president and secretary. For that purpose Member Rogerson was designated as the one to sign the bonds when they are delivered.

Superintendent Perrin was present and explained that vocational training would be obligatory next year for pupils of 14 to 16 years of age. He said that the school authorities had been urged to begin this training the present year, but that this had been impossible owing to lack of room. However, the work will be taken up another year. The superintendent also explained that the second year the work will be extended to include pupils of 17 years of age and the third year will include those of 18 years.

The high school building committee reported everything satisfactory so far with the contract. The representative of the architect who was to come to attend to certain matters has not yet arrived. Additional insurance has been taken out upon material for the new building, it was reported, according to the specifications of the new building a change in the hardware from Sargent to Corbin was allowed. Some extra excavation will be necessary in preparing for the foundation of the new building, and this was ordered done. It was provided, however, that if the contractors excavate too much they must fill in with concrete instead of with earth.

It was reported that some workmen on the new building have suffered minor injuries and that such have been properly compensated by the accident company.

With the Sick

Dr. E. F. Baker who remains a patient at Our Savior's hospital, shows some improvement each day. His condition therefore is not accounted now as acutely serious as was true when he was first stricken.

C. E. Robinson	150	525.00

Total, \$3,450 \$29,518.50 Half of the week has passed and Morgan county's subscription to the Illinois college campaign is close to \$30,000. The subscriptions reported Wednesday at the luncheon amounted to \$3,450 and this sum, taken with that previously announced, made up a total of \$29,518.50. The quota the trustees of the college fixed for the college is \$100,000.

It is probably not expected that this full sum will be reached within the remaining days of the week, because it will not be possible to make an all county canvass at this time. Illinois college has many former students and friends living thruout the country precincts and when road conditions are favorable the college situation will be brought to their attention in a personal way. However, a big task remains for the teams in completing the Jacksonville canvass in the three days remaining.

Three Good Days. The cause has been presented to many persons who have taken it under advisement and liberal subscriptions are expected today, Friday and Saturday. So Dr. Rammelkamp and his associates feel very sanguine about the result of these three days and are confident that by Saturday night the sum total of subscriptions will be boosted well up toward the \$100,000 goal.

At the luncheon yesterday Dr. Rammelkamp introduced A. A. Curry, who is president of the board of trustees of Shurtleff college. Mr. Curry told of the progress made at Shurtleff in the movement for larger endowment and of the liberal support given the institution by the business men of Alton.

Team reports were made by R. Y. Rowe, H. M. Capps, E. H. Gray, Harrison King, T. W. Beadle, M. L. Pontius, L. S. Doane, R. I. Dunlap and C. E. Robinson. Then the chairman called on T. A. Chapin and other team members for brief remarks. Altogether it was one of the best luncheon sessions of the week. After the luncheon hour a meeting of the executive committee with the team captains was held and some further plans for the canvassing work were outlined.

The following additional subscriptions to the endowment fund of Illinois College were reported Wednesday:

AT NICHOLS PARK

Already this popular resort is showing the effects of spring. Some of the perennial flowers are showing their heads while the grass is beautifully green. The new exit on the east side has been trimmed down and presents a good appearance though it has taken a lot of work. A convenient footbridge has been erected across the spillway and other work done. The young trees are having attention from men with spades. The tendency has been to chafe them with lawn mowers by going too near so the digging will obviate this and make it better for the trees also.

Work has been begun on the new drive north from the refreshment pavilion and in due season that improvement will be completed. Work is generally well in hand and everything possible will be done as usual for the welfare and pleasure of patrons.

The right shape hat is as essential as the correct style coat for each man. Few men fail to receive the correct style Hat when they buy of FRANK BYRNS Hat Store.

AN ANCIENT BOX

Edward Stevenson of East North street has at the shop of F. D. Martin on North Mainvalterre street an old time box which is quite a curiosity. The affair is 21x25 inches in size and about 8 inches deep. It has a raised, ornamental lid and several kinds of ornaments on the sides. It has a huge spring lock with a big key to open it. The hinges are on the inside and extend down one side and the whole distance of the lid in the other direction. They are large and flat and are gilded. The inside of the lid is quite profusely decorated and bears the date 1731.

Mr. Martin was not aware of the history of the box but it is certainly a curiosity. Mr. Stevenson is having it repaired and will put it to a good use.

In order to supply just the style Hat suitable for each man requires a wide experience and ability. This is a part of the service customers of FRANK BYRNS Hat Store enjoy.

Spring Suits

In spite of all the ink spilled on the subject, clothes style-character is not so very common.

There are not many makers who have the art of building in such class and distinction as are to be found in our suits.

There's no mistaking the skill displayed in setting the collar and shoulders to fit so smoothly.

Nor the distinction of that handsome sweep of the lapels to the single or double breasted.

There is a line of grays just in, of exceptional attractiveness, grays of various tones, a line that business men should look into promptly. And we have every other new color, design, and weave also ready for your inspection.

FRUIT CROP PROSPECTS
IN GREENE COUNTY

Good Prospects for Apple Crop This Year—Peaches Reported Uninjured by Low Temperature—Other News Notes.

White Hall, Ill., April 12.—There are good prospects for a crop of apples in this important producing region. A survey of the effects of the blizzard on the 4th, followed by a drop in temperature of 11 degrees above zero, has failed to reveal the exact situation, because the frost may have weakened the stems to such an extent that the fall may be serious before the apples are harvested. The Jonathans are the hardest hit, and they constitute from 15 per cent to 20 per cent of the Greene county crop. Grimes Golden are not hurt, while there is evidence of some danger to Ben Davis. All growers in this section, however, have agreed that there will be a normal apple crop in Greene county. A. L. McClay, the apple magnate, anticipates as great a bloom as he has ever had on his 1,400-acre orchard, and adds that only future unfavorable conditions will prevent his having a splendid crop.

A notable feature of the returns is that peaches are not hurt, something new in local horticultural history, when other fruits have been damaged. Apricots are grown to some extent, and this crop seems to all be killed. Plums are damaged. Cherries are not hurt. Pears are hurt.

Apple growers of the middle west held a convention at Hannibal last Friday, and a comparison of notes at that large gathering failed to disclose satisfactory general conditions. A. L. McClay, John Thomas and F. A. Raabe were present from this locality. It was accepted that the only one who could give the correct situation as regards prospects for a crop is Mr. Time. It will require three weeks to determine this matter for the middle western section of the country, and until

this and the reported sickened condition of wheat through this section is disposed of, other kinds of farm work may be subject to delay. Competent authorities say that it is too early to draw conclusions on the outcome of the wheat crop.

The condition of the ground during the past week has been unfavorable for progress of oats plowing. The ground had a snow covering the first day or two, together with thawing banks of snow that kept the ground too wet for the plow, and no great progress had been made before the snow came.

The average minimum temperature during the week was 31.6 degrees and the average maximum, 54 degrees. A quarter of an inch of rain is shown today, which will still further delay plowing operations. Roads are in bad condition, the greatest drawback to traffic being dangerous mudholes since the snow passed off.

NOTICE TO OWNERS OF DOGS

The law now provides that the owners of dogs shall pay to the county assessor at the time of the annual assessment \$1 for each male dog and \$3 for each female dog owned. Please be prepared to comply with the law's requirement when the assessor calls.

This is all that Swift & Company's profit cost the average American family in 1919.

Here are the figures and authorities for them.

The average consumption of meat per person for a year is about 180 pounds (U. S. Government).

The average American family is 4½ persons (U. S. Census).

Swift & Company's profit from all sources in 1919 averaged less than ¼ cent per pound on all products including meat.

This averages for the family less than the price of—

- 1 cigar per week for father, or
- 1 street car fare per week for mother, or
- 1 package of gum per week for the children.

The complex service which we furnish the public is efficient and economical. The cost to the public in the shape of profit is too small to be noticeable in the family meat bill.

Daily Market Report

FRESH STRENGTH
DEVELOPS IN CORN

CHICAGO, April 14.—Fresh strength developed in the corn market today largely as a result of the high prices prevailing for wheat. The close was nervous at 1/2c to 1 1/4c net advance with May \$1.67 1/2 to \$1.67 3/4 and July \$1.60 1/2 to \$1.61. Oats gained 1/4c to 1/2c. In provisions, the outcome varied from 10c decline to a rise of 20c.

From the outset in the corn market much notice was taken of the fact that exporters were paying 60c or more above the established minimum for wheat. Besides the government weekly crop report was construed as bullish for it said the condition of winter wheat was in general satisfactory and that seeding, germination and growth of other grain had been retarded by unfavorable weather. In addition the opinion was widely accepted that receipts of corn were likely to be small for a considerable time even after the switch strike came to an end.

Oats were governed by sympathy with corn. Provisions averaged higher, reflecting upturns in the value of hogs and of grain.

BULLS IN CONTROL
OF STOCK MARKET

NEW YORK, April 14.—Basing their calculations largely on the more encouraging aspects of the railroad strike, bull pools continued to press their advantage in the stock market today, many issues making substantial accessions to recent gains.

The market derived one of its increased momentum, however, from outside or public participation, commission houses reporting a pronounced revival of interest at mid-western points.

Trading was broader and more active than in the preceding days of the week. Stock dividends actual and prospective, as represented by American, tobacco, Woolworth and Union Bag and Paper helped to sustain the advance, particularly among specialties in which gains extended from three to almost 15 points.

Several noteworthy instances highest quotations of the day were made toward the close. Sales amounted to 1,275,000 shares.

Call loans opened at 7 1/2c but advancing by easy stages to 12 percent at the end. Quotations for time money were unchanged.

With liberty issues and victory notes again weak the entire bond market reacted, rails and industrials also losing ground. Internationals recovered part of their setback. Total sales (par value) were \$16,325,000.

DEALERS tell us that many people infer Vacuum Cup Tires and "Ton Tested" Tubes are high priced, assuming that quality and high prices naturally go together.

To the contrary, they are very moderately priced, due to a perfected factory organization operating in a plant utilizing every modern improvement and practical labor saving device, and marketing under an independent zone selling system which makes possible highest quality at economy prices.

Compare these prices—standardized net and uniform throughout the United States—with those of ordinary makes. Pay no more for Pennsylvania products—do not expect them for less.

The Gasoline
Problem

THE grave problem confronting the serious-minded men in the petroleum industry today, is to keep pace in production with the seven-league strides of the demand for gasoline.

In ten years the production of crude oil in the United States has increased only 96 per cent, while during the same period the output of gasoline has increased 560 per cent.

The demand for no other commodity in general use has increased to a degree that even approximates the mark reached by gasoline.

In ten years the Standard Oil Company (Indiana) has increased its output of gasoline from 150 million gallons to more than 600 million gallons a year.

It is apparent that this could not have been accomplished except by intensive application of improved, scientific methods of refining.

As a matter of fact, the price of gasoline is held in bounds only by the sheer force of science.

Except for the ability of such institutions as the Standard Oil Company (Indiana) to make a wide range of useful products from that part of the crude oil which is not used to make gasoline, you would be paying a much higher price for gasoline than you pay today.

The Standard Oil Company (Indiana) is bending every effort to increase its output of gasoline to meet the demands and to sell it to you at as low a price as possible.

Merit That Makes Mileage
—In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3 1/2-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50
30x3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag..... \$4.50
